

# TacticalWalls®

## MULTI-GUN RACK INSTALLATION

*When attaching backplate to wall, use a studfinder for fastening hardware. Use a level for alignment.*

**1** Adjust attachment hardware with hex key for fitment.

**3** Mount rack to backplate with attachment hardware.

BACKPLATE

RACK

**2** Locate 16" on-center wall studs & attach backplate with provided fasteners.

Share your setup with us and the world!
